

Come in on 47 from Troy, left onto 147 (big sign showing the park entrance). Make a right at the Visitor's Center (also a sign showing camping). Wander through the woods to a stop sign, make a left, then go past many picnic areas and the boat launch. Make the next right turn and go through gates. The gates close at 10:00pm and you must have a code to get through. We will all have one. Once through the gate, just follow that road, past the beach loop, and it will run you up to the check-in station.

The Scout Area is right above the "B" Beach where the "C" Camping is (it is in the left loop by that "C"). There are signs pointing to the Scout Area once you get to the check-in station. After the check-in area make a right, drive down past the playground (on your right) and make the next right hand turn, immediately before the shower house / bathroom. Follow that road to the back of the loop and there is a gate (should be open) and is marked "Scout Area".

KEY

- Picnic Area P
 - Camping C
 - Trailer Hook-ups T
 - Beach B
 - Boat Launch BL
 - Trail Parking TP
 - Overlook O
 - Picnic Shelter PS
 - Wild Area
- Trail maps are available at the visitor center.*
